Used machinery at CekamonSaws

Beside our new machines for pallet recycling we have several **used machines** available for sale. These machines are (or will be) inspected by our technicians and are all in a perfect shape. All the machines mentioned below are available at the moment.

If you want more information or a quote? Please feel free to contact us

PalletSaw W with 3 options

Year of construction November 2012

This machine (original photo) is equipped with the following options

- 1. Camera and monitor**
- 2. Height pre-adjustment with 3 pre-set keys**
- 3. Roller bearings in the saw table**

The standard stripping machine for every pallet company for complete dismantling of pallets or for taking out broken parts.

For more information, click on the button [Website](#) or for a quote click on [Contact](#).

EndSaw

Year of construction November 2002

There is no photo of the used machine available yet, because our technicians are technically overhauling it. For that reason, we placed a photo of a new machine. This machine will be delivered **including a sorting rack**.

The EndSaw is developed for trimming used wood, even when this wood contains rests of nails. The circular saw blades used in the EndSaw are specially designed for this task.

For more information, click on the button [Website](#) or for a quote click on [Contact](#).

PalletTipper T

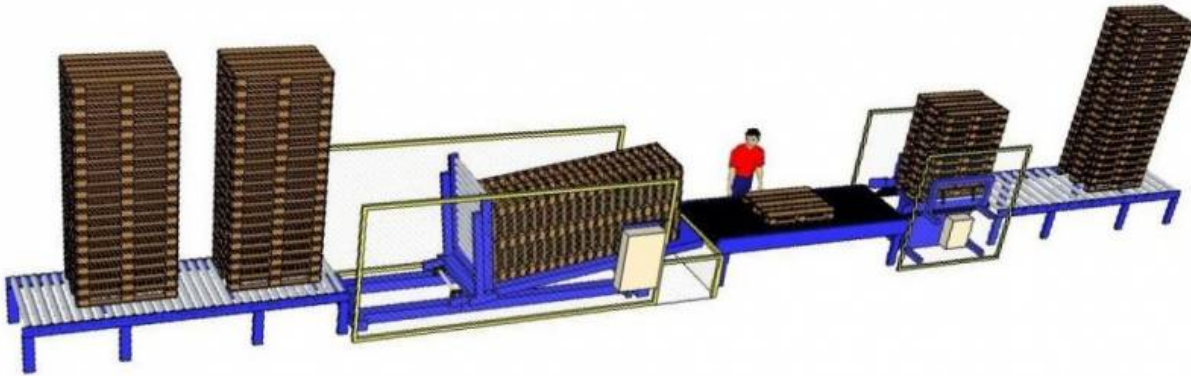

Year of construction November 2014

A small PalletTipper that turns a stack of pallets so the single pallets can be pulled on the workbench easily. This machine can be operated from two sides.

For more information and/or a quote, please contact us or click on the button

Sorting line

Year of construction November 2008

This **sorting line** contains:

1. **Motor driven conveyor for input**
2. **PalletTipper K (see photo)**
3. **Rubber sorting belt**
4. **PalletStacker (see photo)**
5. **Not motor driven conveyor for output**

This line can be extended with a second pallet stacker

PalletTipper

PalletStacker

For more information and/or a quote, please contact us
or click on the button
