**Cekamon Saws Newsletter**

- This newsletter includes i.e.:
- Cekamon Saws supports Alpe d'Huzes
  - Sale! Circular Saws
  - Practical case

**>> Again lawsuit EPAL-licence**

In October, EPAL and the Dutch branch NEDERPAL filed another lawsuit against two European pallet repair companies. They accused them from repairing EUR/EPAL pallets without following the EPAL guidelines. Cekamon Saws offers solutions to repair pallets according the EPAL guidelines. For example the [Cekamon Pallet Stacker](#) can be completed with a nail gun which shoots an EPAL-licence nail into the pallet. Do you want to know more about these solutions? Please contact us.

**>> Cekamon Saws supports Alpe d'HuZes**

In 2013 Cekamon Saws will support [Alpe d'HuZes](#). The Alpe d'HuZes is an event where participants raise funds in order to contribute the struggle to overcome cancer. In one day the participants climb the legendary mountain in France: Alpe d'Huez, by bicycle or walking. Alpe d'HuZes ensures that 100% of the funds will benefit research. One of the owners of Cekamon Saws will challenge, with a team, the top of the Alpe d'Huez. In several ways Cekamon Saws will support this action in 2013.

**>> Practical case: sorting line**

In October we went to Germany to place a [sorting line](#) at Flottman (D). This installation shows that a solution for sorting pallets can be very simple. With this installation of Cekamon Saws employees don't have to lift pallets anymore. The sorting is faster and can be done by one employee. Now they sort 250 pallets per hour instead of 150.

### >>Sale! Circular Saws
